VERNON LIBRARY APP. The **Vernon Library app** (shown at left) is the ideal gateway to all of the other library services listed below. If you install just one library app on your smartphone, make it this one. The Vernon Library app lets you search the library catalog, access library e-books, audiobooks, digital magazines, streaming movies and TV shows, and other premium resources. You can also chat with a librarian, and even check out library items right from the shelf using your smartphone or other mobile device. Visit your app store or
